During the month of October, our Team does an encouragement activity called "You've Been Booed!" The girls get a little something for 2 girls on team and then secretly deliver them. Once they have been BOOED, they find their name on the snack bar door & place a sticker next to their name so other girls know not to Boo them again. The girls who get Booed need to Boo the next 2 gymnasts within 2 days. This is a fun activity for our Team girls & encourages each other through the season.

The gift doesn't have to be anything fancy, just simple, & inexpensive (usually around \$5). Don't forget to include a copy of the directions in each gift so they know what to do.

**THIS WILL BEGIN by October 1st
DETAILED FLIER WILL BE PLACED IN
